WOMEN ROADMAPS
Terms of Sale & Public Offer

Effective date: October 13, 2026 | womenroadmaps.com

1. Seller and Agreement

These Terms of Sale and Public Offer ("Terms") govern purchases from womenroadmaps.com (the "Website"). The seller is Dmitry Vadimovich Gusev, Individual Entrepreneur (Russian Federation) ("Seller," "we," "us"). By placing an order and completing payment, you accept these Terms. The agreement is formed when the Seller confirms successful payment and accepts the order. The Website is intended for adult customers.

2. Product and Price

The product is "PCOS Roadmap," a PDF-format digital educational guide addressing polycystic ovary syndrome (PCOS), including diagnosis, testing, symptoms, metabolic health, treatment options, fertility, supplements, and an appointment checklist. The currently advertised one-time price is USD $29. The final total, currency, and any applicable taxes or fees will be displayed before payment. There is no subscription or recurring charge unless expressly and separately agreed.

3. Checkout and Payment

Payments are processed by CloudPayments and its relevant banking and payment partners. Available payment methods are shown at checkout. The Seller is a Russian individual entrepreneur; the card issuer or payment network may apply currency conversion or cross-border charges. The Seller does not collect full payment card numbers through its own Website. An order may be declined if payment authorization fails or fraud checks require it.

4. Digital Delivery

After successful payment confirmation, we will send the PCOS Roadmap as a PDF attachment to the email address entered by the customer at checkout. No physical item, website account, or separate download portal is included. Delivery is normally initiated promptly after payment confirmation, but email transmission, spam filtering, and technical issues can cause delays. The customer is responsible for entering an accurate, accessible email address and checking the spam/junk folder. If the email does not arrive, the attachment is corrupted, or the address was entered incorrectly, contact

doctor.dgusev@gmail.com with the order date, checkout email address, and transaction reference (never send full card details). We will verify the payment and resend a working PDF to the verified or corrected address without an additional charge. Delivery is considered completed when the PDF email is successfully sent to the address supplied at checkout, without limiting the customer's rights if the file is not actually received or usable.

5. Personal-Use License

Upon payment, the customer receives a non-exclusive, non-transferable, revocable-for-material-breach license to access and use the guide for personal, non-commercial purposes. Copyright and all other intellectual property remain with their respective owners. Redistribution, public posting, resale, sharing paid access, and creation of commercial derivative products are prohibited without prior written permission. Reasonable personal backups are permitted.

6. Refunds and Consumer Rights

This is a one-time purchase of a digital PDF delivered by email. Except where applicable law requires otherwise, we generally do not offer refunds solely because a customer changes their mind after receiving a working PDF. If the PDF is not delivered, is corrupted, cannot be opened, is materially different from its description, or the payment was erroneous or unauthorized, contact doctor.dgusev@gmail.com with the order details. We will investigate and, as appropriate, resend a functioning PDF or refund the payment to the original payment method. Non-waivable consumer protection, statutory cancellation, and chargeback rights remain unaffected. Refund posting times depend on the payment processor and issuing bank.

7. Medical and Educational Disclaimer

The PCOS Roadmap is general educational information only. It is not medical advice, a medical consultation, diagnosis, prescription, individualized treatment plan, or a substitute for care by a licensed clinician. Purchasing the guide does not establish a physician–patient relationship. Do not start, stop, or change medication or treatment solely on the basis of this guide. Clinical decisions, including those involving pregnancy, fertility, metabolic risks, and medications, require individual professional assessment. For a medical emergency, contact local emergency services. Medical knowledge and guidelines evolve, and outcomes are not guaranteed.

8. Accuracy and Availability

We aim to provide accurate, evidence-informed educational material but cannot guarantee that the guide addresses every individual circumstance or remains current at

all times. We may correct errors and update content. The version and any updates included in a purchase are those described on the product page at the time of sale. We do not guarantee lifetime access to a hosted platform unless expressly advertised.

9. Limitation of Liability

To the extent permitted by applicable law, the Seller is not responsible for indirect or consequential losses arising from use of the guide. Nothing excludes or restricts liability that cannot legally be excluded, including liability for fraud, willful misconduct, or mandatory consumer protections. Any monetary limitation is subject to applicable law and does not remove the right to a remedy for a defective or undelivered digital product.

10. Governing Law and Disputes

The Seller is established in the Russian Federation. These Terms are governed by the laws of the Russian Federation, without depriving consumers of mandatory protections that apply in their place of residence. Before bringing a formal claim, customers are encouraged to contact support for an informal resolution. No mandatory arbitration or class-action waiver is imposed by these Terms.

11. Changes and Contact

We may update these Terms for future purchases by posting a revised version and effective date. The version accepted at checkout applies to that purchase, subject to mandatory law. Questions and notices: doctor.dgusev@gmail.com.
